The Giving Plan at
GLENDALE CITY CHURCH

Glendale City Church has been finding God at the intersection of our lives for over 110 years because people like you have believed in our mission enough to invest your hard-earned money in this congregation. Now, more than ever, we need your financial dedication as we continue our work to reveal Christ's love through our actions and words and provide a welcoming community that affirms all.

While asking for your continued generosity, our finance committee and church board will keep doing the difficult work of making sure we live within our means. That means cutting unnecessary expenses, streamlining ministries and staffing efficiently.

In order to wisely plan for the future, we use a giving plan that helps the church build an annual budget where we live within our means. Knowing what every member plans to give each year helps our leaders strategize effectively and budget appropriately. At the same time, this plan gives you the opportunity to invest in the ministries that matter most to you.

Welcome to **Pledge+** — Glendale City's way of giving that makes sure that both our passions and our necessities are provided for. **Pledge+** invites each church member to make a contribution in three areas:

1. **Tithe.** Supports Adventist pastoral ministry. Glendale City receives two full-time pastors from the Southern California Conference thanks to you
2. **City Church Budget.** Supports general expenses, part-time staff salaries, worship expenses, children & youth ministries and utilities & maintenance
3. **The +.** Supports the ministry or ministries that matter most to you. Value **children's** or **youth ministry**? Make it your **+**. Inspired by our **worship artists**? Make a music ministry your **+**. Passionate about behind-the-scenes **logistics**? Make part of our church infrastructure your **+**. Appreciate the full-time dedication of our **part-time staff**? Make them your **+**.

My Pledge

Based on my expected income, I'm making the following commitment:

Tithe

Continue my current giving Increase my giving by \$_____ /mo
